CRIMSON FSB

GENERAL DESCRIPTION:

Crimson FSB is a concentrated floor cleaner for use with floor scrubbing machines or with traditional manual bucket and mop. Crimson FSB is non-flammable and safe to use around machinery and equipment. Crimson FSB contains mild alkaline compounds and detergents to clean tough soils. Crimson FSB is non-streaking and will not leave floor surfaces slippery. After cleaning with Crimson FSB floor surfaces should be rinsed with clean water.

PHYSICAL PROPERTIES:

- ◆ Appearance: clear to cloudy soapy liquid
- ◆ Solubility in water: complete
- ◆ Phosphates: none
- ◆ pH of 1% solution: >10
- ◆ Flash point: None
- ◆ Specific gravity: 1.05-1.10

DIRECTIONS FOR USE:

Crimson FSB is formulated to be used at a concentration between 1 – 10% dependent on floor soil level. Utilization of hot water between 110 - 130°F will increase effectiveness.

SAFETY:

Harmful if swallowed, inhaled or absorbed through skin. Causes eye and skin irritation. Avoid contact with eyes, skin, do not breathe mists. If accidental contact is made immediately flush affected area for at least 15 minutes. If irritation persists, contact a physician. Wash contaminated clothing before re-use. Proper safety equipment should always be utilized.

HANDLING & STORAGE:

Keep in a tightly closed container, stored in a cool, dry, ventilated area. Protect against physical damage. Isolate from incompatible substances. Always add the caustic to water while stirring; never the reverse. Containers of this material may be hazardous when empty since they retain product residues (dust, solids); observe all warnings and precautions listed for the product.
